### About *My World Rules*

My World Rules is a nonprofit organization dedicated on helping humanity. It contains more than a dozen high quality sites and more than seven apps. It currently has more than a million views and more than two hundred app downloads, respectively. One of the ways we can help Earth, is to be informed about our environment via My World Rules' Earth and spread the word. **I have talked to/partnered with multiple government and private organizations including "Stand For Trees", "Wild Life Work" and "World Wide Fund for Nature (WWF)".** Another way that My World Rules helps, is VIA My World Rules' Education. **It brings education to people who can't afford it.** Today **I am proud to present my two newest, released apps: My World**

**Rules' Earth and My World Rules' Space.**
